To determine Annual Fee using this scale:

- Find the total number student units completed from the Fall of previous year through Summer of current year in Column A and note the corresponding number of points in Column B.
- Use Column C and D to add a point for each type of CPE your center is accredited to offer.
- In Column E, find total of points from Column B and D.
- Corresponding assessment will be in Column F.

EXAMPLE: 10 students units (3 points) and both types of accredited CPE (2 points) equals 5 total points, which equals \$1480
