Level I/Level II CPE
& Supervisory CPE

Suspension of accredited member status as of June 24, 2016 for failure to respond to a notation for **Standard 300.1**: “All ACPE centers shall maintain compliance with ACPE Standards, reports, procedures, and fees as detailed in the ACPE Accreditation Manual” and an insufficient response to **Standard 308.8.1**: “Supervisor’s evaluation will be available to the student within 45 calendar days of the completion of the unit. To extend this deadline in rare unusual circumstances, the supervisor may negotiate with the student and receive approval from the regional accreditation chair to extend this deadline. The supervisor’s evaluation will document this process, and such extensions must be reported on the next annual report.”

The Center has until December 1, 2016 to hire an ACPE Supervisor who will then begin the process of addressing the notations. The newly hired Supervisor will then have until March 1, 2017 to demonstrate compliance with the Standards.

If the Center does not hire a Supervisor by December 1, 2016, the Accreditation Commission will withdraw the Center’s accreditation.
